

9 GO WEST MOTHER CLUCKERS!

Camaraderie and bonhomie are in **Paula Kornell's** genes. From an early age this gracious and friendly wine industry veteran from St. Helena was steeped in entertaining, thanks to impromptu dinner parties with family and friends at the table of her parents, **Hanns and Marilouise Kornell**.

With this year's lot she hopes to bring a little bit of that magic to you and your guests as she hosts you in her home, AKA **Château Drool**. You'll enjoy an incredible plant-based fried chick'n dinner with all the sides and free flowing beautiful Paula Kornell sparkling wines and maybe some surprise bourbon thrown in, though not necessarily in that order. That translates to the perfect platform for a fabulous fiesta, don't you think!? Raucous laughter and stimulating conversation are absolutely inevitable. Add the effervescent Paula (with Daisy, Cowboy, Piper, all the girls and the peacocks too) and you have yourself a party.
