15 From the Founder's Cellar: 1999 Screaming Eagle Cabernet 6-liter!

No need to dress this lot up: It's an unobtainable 6-liter Screaming Eagle—what could be one of the only bottles in existence. From an early vintage when this now-mythical Cabernet was just starting to make waves in the wine world, it's a "profound" (Robert Parker) bottle that will become the center of your cellar's solar system.

Big bottles age gracefully, and time has been working its slow-motion magic on this one as it has slumbered in Screaming Eagle founder Jean Phillips' cellar for more than twenty years. Circle a date on the calendar—years ahead still, if you like—decide who your truest friends are and enjoy an unforgettable night.

Oh, and someone has to say it: A 6-liter Screaming Eagle fetched half a mil at auction—and that was back in 2000, and the bottle only had eight years of age on it! **One of only TWO 6L bottles produced! And, legendary winemaker Heidi Barrett will personalize the bottle for the high bidder! Bid accordingly.**
