

## Judgment of Paris, Part Deux

The Judgment of Paris: It's the event that changed the wine world forever—and that every wine lover wishes they could go back in time and experience.

For two couples (4 people total), that dream will come true at Napa's TORC, where collector Greg Gregory will recreate the spirit of the 1976 Paris tasting with priceless wines from his personal cellar. He'll pour four blind flights of top Napa, Bordeaux, and Burgundy wines from the 1960s, 70s, and 80s—and you'll judge which are best.

This will be an epic event: Think of classics like Diamond Creek and Heitz Martha's Vineyard, as well as Grand Cru Classé Bordeaux and Grand Cru Burgundy. The tasting will be accompanied by dinner at TORC, one of Napa Valley's must-visit restaurants and the perfect venue to showcase world-class wines.

As you prime your palate and reach for your wallet, keep this in mind: Greg's going to be watching the bidding on this one VERY closely. The higher the bids go, the deeper he digs into the cellar, and the finer the wines get—so let's elevate this to a First Growth, Grand Cru level.

### Lot includes:

- Judgment of Paris-inspired tasting and dinner at TORC Napa Valley (4 people)
- Wines from private collection of Greg Gregory

Event to be held on a **mutually agreeable date**.
