

FUND A NEED

Our region has been battered with wildfires over the past few years, and this year will be no different. This is why Jameson Humane needs your help. Our community needs your help. And most importantly, the animals need your help.

With the red flags warning us of what's in store this summer, Jameson Humane is partnering with Napa, Sonoma, and Solano Community Animal Response Team's (CART's) and Community Emergency Response Team's (CERT's) to help animals when they need us most. This year's Fund A Need is raising funds for very critical supplies and equipment to help those brave volunteers within these organizations that go behind the fire lines and help rescue animals and their humans from dangerous and life-threatening events. Every dollar raised can help make an extraordinary difference between a life saved versus a life lost.

The critical supplies and equipment we're raising money for include:

- Animal Search and Rescue Equipment and Supplies that will support all CART Volunteers in three Counties
- Fireline Personal Protective Equipment for that will support all CART Volunteers in three Counties
- Mobile Veterinary Trailer to treat burned and injured animals on site
- Mobile Command Center to increase much needed communications throughout the region during disasters
- Response and Training Building Supplies for the Incident Command Center at Jameson Humane

The government is not able to fund animal response during disasters. BUT TOGETHER WE CAN! As the nexus between rescue groups—the CART teams, the CERT teams, law enforcement, first responders and firefighters –it is critical that we are prepared for the next time disaster strikes. Our regional efforts will ensure that animal life is taken care of, just as human life is.

The fires aren't going away nor is Jameson Humane. So please give generously and know that your money is going to a great place. The compassion, the generosity, and particularly the resilience our community demonstrated especially in time of need, makes our work that much easier, and that much more rewarding.

Like the magic of WineaPAWlooza, we all come together in a very special way to help save more lives. You can count on us to be there for the animals in their time of need. But in order to do so, we need to count on you on the evening of June 19, 2021. The Fund A Need will be your moment to take action. Please participate to make a difference!

Thank you for joining us in making the planet a safer, more equal place for animals and their humans. **Every dollar counts.**

With so much gratitude,
Monica and David Stevens, Founders
