

# LIVE LARGE WITH LAWRENCE

Lawrence Fairchild is a one-of-a-kind vintner and aesthete whose world is awash in the finest food, wine, and art. Perhaps the only thing rarer than the wines he makes and the art he collects is a chance to live a night like he does.

You and two other couples (6 people total) will jet to NYC to do just that: You'll stay at the New York EDITION, the gorgeously designed and appointed boutique hotel that occupies the former MetLife building and features 360-degree views of the city. Then you'll rendezvous with Lawrence for dinner at Eleven Madison Park, the Michelin three-star restaurant that always-innovative Chef Daniel Humm has recently transitioned to an all-vegan menu.

Of course, no night with Fairchild would be complete without the wine: The meal will be paired with five iterations of Lawrence's Stones wines, which are some of the most sought-after bottlings in all of Napa Valley. You'll leave with memories of the exquisite evening, an EMP menu signed by Humm and Lawrence, and a 1.5L bottle of one Lawrence's Perrarus, which comes in a custom-blown bottle. Just 350 bottles of Perrarus exist—the perfect reminder of an irreplicable evening.'
