

# Impact Report 2025

## A MESSAGE FROM OUR FOUNDER

"2025 stands as a testament to the extraordinary compassion of our community and the life-saving power it fuels at Jameson Humane. This report reflects not just impact measured, but lives transformed—showcasing how collective generosity continues to protect animals, strengthen our community, and create lasting change. We are also deeply grateful to our community of cat lovers and the momentum we've gathered in 2025, and encouraged by the growing support for Ella's Cathouse & Adoption Center that will allow us to be a beacon of hope for hundreds of cats in 2026 and beyond!"

– **Monica Stevens, President & Founder**
