E-Lot 3: Artpiece

- One (1) custom light fixture built by Richard Von Saal

You can impress guests with a deep wine cellar. You can amaze them with a gourmet meal. But nothing can set the tone – and establish the wow factor – like a striking piece of art in your home.

Richard Von Saal has applied his unmistakable touch to the Macphail Tasting Lounge, 750 WINES Studio, Madrone Vineyards Estate, and the Oxbow Public Market, and he will do the same to your home, business, or wherever one of Richard's light fixtures will best make its stylish impact. No artist is more closely associated with Napa art and luxury, and no space in Napa Valley, or anywhere else, would not be elevated by one of his custom pieces.
